In the news...

- *Strengthening Study Abroad: Recommendations for Effective Institutional Management*—published in January 2008
- Endorsed by AACC, AASCU, ACE, AAU, NAICU and NASULGC
- Most presidents have received an e-copy of this report

4 areas for institutions to review

- **Institutional commitment to study abroad**
- **Study abroad infrastructure**
- **Adequate resources**
- **Clarity and accountability**

What your colleagues are saying:

- Faculty-led programs should be an academic component of a course, such as a lab/field trip
- The number of credits will be determined by the procedures put into place by the new committee
- Budget transparency is very important

- Affordability is important
- Academic integrity is paramount
- Extending winter break / J-term
- Faculty-led courses should be named to reflect the academic content
- Planning for new programs should occur 18-24 months out (2 year plan)

Study Abroad Committee

- Design procedures to be put into place for future faculty-led programs
- Determine where the curriculum committee fits with study abroad
- Review current affiliations / exchanges
- Review future affiliations / exchanges
- Evaluate programs and make changes accordingly
- Be involved with faculty development as it relates to study abroad offerings
