Refund Policy, Requirements for Withdrawal and Return of Title IV, HEA Financial Aid

The purposes and intent of this policy are to provide guidance as to how Carroll College will calculate the amount of Institutional and Federal Title IV funds to be returned for a student who has withdrawn from all classes, inform interested parties of the methods and procedures used to calculate the amount, provide a fair and equitable policy, and provide a policy that conforms to federal regulations and the intent of those regulations. This policy governs the return of Institutional and Federal Title IV funds disbursed for a student who completely withdraws from a term, payment period, or period of enrollment. It does not apply to students who have dropped some classes but

remain enrolled in other classes at or through Carroll. A student is considered to have withdrawn from a period of enrollment or payment period if they do not complete all the days in the period of enrollment or payment period that they were scheduled to complete. This applies whether or not the period includes modules, and for any program format. The general assumption is that a student earns aid based on the period of time he/she remained enrolled. Institutional aid follows the Business Office tuition refund policy. The full Refund and Return of Title IV Funds Policy is available in the Carroll Catalog which is available online at: <https://www.carroll.edu/academics/academic-catalog>. Paper copies of the Catalog are available upon request from the Registrar's Office. The policy is available on the Consumer Information web page at: <https://carroll.edu/about/consumer-information>. Paper copies of the Refund and Return of Title IV Funds Policy are available upon request from the Financial Aid Office.

Academic Program (Educational Programs, Instructional Facilities, and Faculty

The following criteria will be used to determine whether or not a course from another college will be accepted for transfer credit at Carroll:

1. The course in question must be from a regionally accredited college or university;
2. The student must have received a "C-" or better in the course; the only credits transferred for courses taken on a pass/fail basis will be those with a grade of "P" (pass);
3. A maximum of 62 lower level credits (100-200 level) towards the academic program may be transferred into Carroll College;
4. At least one-half of the credits required in the major and minor must be taken at Carroll College;
5. Of the final 45 semester credits earned toward the degree, a minimum of 30 semester credits must be earned at Carroll College; see requirements for graduation as described in the Catalog;
6. Two semesters or the equivalent in physical education activity courses may be transferable;
7. Courses taken on a pass/fail basis will not be accepted into the major or minor. No more than 2 such courses will be allowed toward graduation, whether they are taken at another institution or at Carroll. Beginning Fall 2017, courses taken on a pass/fail basis do not fulfill Core Curriculum requirements;
8. Grades earned at other institutions are not calculated into the Carroll College grade point average;
9. Any postsecondary coursework taken within 15 years of being admitted or readmitted to the campus will be included in the transfer analysis of core requirements, specific required classes in a major, minor or certificate and elective credits;
10. Coursework that falls outside the 15 year guarantee period may be included in the evaluation, at the discretion of the Registrar and appropriate department chair;
11. Graduate level coursework will not transfer;
12. Students are responsible for sending an original translated copy of their foreign transcripts directly to the Registrar's Office.

The full transfer credit policy is published in the Carroll Catalog which is available online at : <https://www.carroll.edu/academics/academic-catalog>. Paper copies of the Catalog are available by request from the Registrar's Office.

Articulation Agreements

3-2 Engineering, Major in Engineering Mathematics

The purposes of the 3-2 program are to provide the student with a traditional engineering education augmented with a strong liberal arts background and to provide a broader and deeper exposure to mathematics and its applications than would ordinarily be possible in a four year engineering program. A student who completes the requirements for the 3-2 Engineering Major in Engineering Mathematics earns two degrees:

1. A Bachelor of Arts degree with a major in Engineering Mathematics from Carroll College, and
2. A Bachelor of Science degree with a major in a selected field of engineering (e.g., mechanical engineering) from one of the following affiliated engineering schools:

Columbia University, New York, NY; The University of Notre Dame, South Bend, IN; The University of Southern California, Los Angeles, CA; Gonzaga University, Spokane, WA; Montana Tech of the University of Montana, Butte, MT; Montana State University, Bozeman, MT.

Engineering fields, which 3-2 students may select, include the following:

Aerospace Engineering, Biological Engineering, Biomedical Engineering, Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Engineering Mechanics, Engineering Science, Environmental Engineering, Geological Engineering, Geophysical Engineering, Industrial Engineering, Material Science Engineering, Mechanical Engineering, Metallurgical Engineering, Mineral or Mining Engineering, Nuclear Science and Engineering, Operations Research, Petroleum Engineering.

Under the 3-2 program, a student attends Carroll College for three years and then selects and transfers to one of six affiliated engineering schools for two years of study. Upon successful completion of the five-year program, the student receives a Bachelor of Arts degree with a major in engineering mathematics from Carroll College and a Bachelor of Science degree with a selected engineering major from the engineering school. Program requirements are available in the Carroll Catalog which is available online at : <https://www.carroll.edu/academics/academic-catalog>. Paper copies of the Catalog are available upon request from the Registrar's Office.

3 + 2 Civil Engineering Degree with St. Edward's University in Austin, TX

Carroll College and St. Edward's University have established a combined degree program to provide engineering degree opportunities for St. Edward's University students. Each student enrolled in the Program will be required to first attend St. Edward's for approximately three (3) years, completing 96 semester credits, and then Carroll College for at least two (2) years and completing 59.5 semester credits. After completing the academic requirements of both institutions, the student shall be awarded a Bachelor of Science in Mathematics degree from St. Edward's and the Bachelor of Science Degree in Civil Engineering from Carroll College.

3 + 3 with UM Law School

Carroll College is partnering with UM's Alexander Blewett III School of Law to offer a "3+3" dual-degree program. Students in the program attend Carroll College for three years and then matriculate to the Missoula law school to complete their three-year law degree. 4 + 1 with Public Administration, UM Law School

The University of Montana School of Law's Master of Public Administration Program established a partnership with Carroll College's Department of Political Science to offer the first-ever "4+1" program in Montana. The program will allow participating students to complete their bachelor and MPA degrees in five years instead of the traditional six or more.

Carroll only awards credits for these courses taught at this site to students who have been accepted by ISA to study at this center. These courses and the credentials of the Meknes instructors have undergone a thorough review by a faculty committee and meet Carroll curriculum requirements. The agreement to award credit follows the best practice standards set forth in the Forum on Education Abroad Guidelines for School of Record Relationships, as well as the requirements outlined in the policy on Contractual Relationships with Organizations Not Regionally Accredited established by Carroll’s regional accreditor, the Northwest Commission on Colleges and Universities.

Complaints may be submitted to accreditation agencies at the addresses listed within this paragraph. The Northwest Commission on Colleges and Universities is located at: 8060 165th Ave NE, Suite 100, Redmond, WA 98052-3981.

Montana is a member of NC-SARA, an agreement among member states, districts and territories that establishes comparable national standards for interstate offering of postsecondary distance education. Carroll College is obligated to disclose whether our face-to-face and online programs that lead to professional licensure or certification meet individual state standards of our student's home states. You can view [NC-SARA's professional licensure directory](#) and below are disclosures for individual states and programs.

Engineering

The Civil Engineering and Engineering Science programs are accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology. Students graduating in engineering from Carroll College are qualified to sit for the FE examination, barring any legal or criminal circumstances that could hinder their application for the exam. The FE exam is a national examination and can be taken at any testing facility in the United States. Successful passage of the FE examination allows the student to then apply for Engineer Intern licensure in any state. There are no limitations on where they can apply. Once the student becomes an Engineer Intern and enters the profession, their progression to become a Professional Engineer can take many pathways and that journey is not dependent upon their degree from Carroll College. On February 22, 2019, the Carroll College Board of Trustees, through a campus-wide program prioritization process, discontinued the Engineering Science program. Effective Fall 2019, new students will not be admitted to the program. Current Engineering Science students will be taught to graduation with an ABET-accredited degree. The Engineering Accreditation Commission is located at 415 N. Charles St., Baltimore, MD 21201 or via email at: <http://www.abet.org>.

Teacher Education

Carroll's Teacher Education program provides majors leading to teacher licensure by the State of Montana Board of Public Education with reciprocity granted in a large number of individual states. Since teacher licensure is determined by each individual state education agency, graduates who desire to teach in another state must apply for teacher licensure in that state and follow the licensure requirements for that state. Typically, states will issue provisional/probationary teaching licenses and graduates can begin teaching upon graduation from Carroll. These provisional/probationary teaching

licenses allow graduates up to 3 years to complete the requirements for full professional licensure. Although graduates from our Teacher Education programs will have met the coursework requirements for full professional licensure in Montana and Oregon, our program does not meet the coursework requirements for full licensure in the following states and students may need to obtain additional coursework for professional licensure:

- Alaska
- California
- Colorado
- Idaho
- South Dakota
- Washington
- Wyoming

Carroll College is in the process of determining if our Teacher Education program meets licensure requirements in other states. The Montana Board of Public Education is located at: 46 N Last Chance Gulch, PO Box 200601, Helena, MT 59620. Please review the [50 State Comparison - Teacher Reciprocity Spreadsheet](#) for more information regarding licensure requirements across the country. You may also [access the contact information for each state's Department of Education](#).

Nursing

Carroll's Nursing program is accredited by the Commission on Collegiate Nursing Education (CCNE) and is approved by the Montana State Board of Nursing. Carroll College's nursing program prepares students for the NCLEX exam and any student who graduates from our program and passes the NCLEX exam will be licensed to work in all 50 states. The Commission on Collegiate Nursing Education (CCNE) is located at: One Dupont Circle, NW Suite 530, Washington DC, 20036. Paper copies of Accreditation documents are available for review from the Office of Institutional Effectiveness. Student complaints can be submitted to the [Office of the Commissioner of Higher Education](#) at 2500 Broadway, PO Box 203201, Helena, MT 59620-3201 or 406-444-6570.

Accounting

The major in Accounting and Strategic Finance combined with Masters of Accountancy is designed to satisfy the curriculum requirements for the CPA exam. Completion of all coursework, Masters of Accountancy degree, and successful completion fulfills the educational requirements to sit for the CPA exam in Montana, Washington, and Wyoming (however Wyoming has a residency restriction to sit for the CPA exam).

Financial Planning

Carroll College's Financial Planning program prepares students to sit for the CFP exam. Our program is CFP Board-Registered and graduates from the program who pass the CFP exam will be certified in all 50 states.

Net Price Calculator

Carroll College provides a Net Price Calculator tool online at:

<https://www.carroll.edu/scholarships-aid/net-price-calculator> The Net Price Calculator Tool was created to offer prospective freshman students a quick estimate of their federal expected family contribution (EFC) so they can determine true out-of-pocket costs for attending Carroll. This calculator is designed to provide an **estimate** of financial aid eligibility for prospective freshman students. Results are based on the current academic year Cost of Attendance figures and

student aid eligibility requirements. Financial aid calculations are based on limited information and do not guarantee a specific financial aid offer. Eligibility for federal and institutional financial aid is based on official FAFSA results. Factors such as student income, untaxed income, student and parent assets, cash and savings, and actual taxes paid are used when determining a student's eligibility. Users of the calculator may print paper copies of their results from the Net Price Calculator website.

Textbook Information

The Carroll College Saints Shoppe textbook page is displayed in the course section information of the internet course schedule used for pre registering or registering for courses; students access the course schedule and bookstore information through Carroll Self-Service/Student Planning. * FERPA Annual Notice to Reflect Possible Federal and State Data Collection and Use

As of January 3, 2012, the U.S. Department of Education's FERPA regulations expand the circumstances under which your education records and personally identifiable information (PII) contained in such records—including your Social Security Number, grades, or other private information—may be accessed without your consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities ("Federal and State Authorities") may allow access to your records and PII without your consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to your education records and PII without your consent to researchers performing certain types of studies, in certain cases even when we object to or do not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive your PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without your consent PII from your education records, and they may track your participation in education and other programs by linking such PII to other personal information about you that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

Record of Requests for Disclosure

Carroll College will maintain a record of all requests for and/or disclosure of information from a student's education records. Correction of Education Records

Students have the right to ask to have records corrected that they believe are inaccurate, misleading, or in violation of their privacy rights. Following are the procedures for the correction of records:

1. A student must ask the custodian of the record to amend a record. In so doing, the student should identify the part of the record he or she wants changed and specify why he or she believes it is inaccurate, misleading, or in violation of his or her privacy or other rights.
2. Carroll College may comply with the request or it may decide not to comply. If it decides not to comply, Carroll College will notify the student of the decision and advise him or her of his or her right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of the student's rights.
3. Upon request, Carroll College will arrange for a hearing and notify the student reasonably in advance of the date, place, and time of hearing.
4. The hearing will be conducted by a hearing officer who is a disinterested party; however, the hearing officer may be an official of the institution. The student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The student may be assisted by one or more individuals, including an attorney.
5. Carroll College will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision.
6. If Carroll College decides that the challenged information is not inaccurate, misleading, or in violation of the student's right of privacy, it will notify the student that he or she has a right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision.
7. The statement will be maintained as part of the student's education records as long as the contested portion is maintained. If Carroll College discloses the contested portion of the record, it must also disclose the statement.
8. If Carroll College decides that the information is inaccurate, misleading, or in violation of the student's right of privacy, it will amend the record and notify the student, in writing, that the record has been amended.

Student Notification of FERPA Rights (emailed to currently enrolled students each semester)

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age). These rights include:

1. The right to inspect and review the student's education records within 45 days after the day Carroll College (the “school” or “institution”) receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student’s education records that the student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.
A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.
If Carroll College decides not to amend the record as requested, Carroll College will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to provide written consent before the College discloses personally identifiable information (PII) from the student's education records, except when FERPA authorizes disclosure without consent. Carroll College discloses education records without a student’s prior written consent under FERPA exception for disclosure to school officials with legitimate educational interests. A school official is typically a person employed by Carroll College in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on a board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of Carroll College who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of the PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review education records in order to fulfill his or her professional responsibilities for Carroll College. Upon request, the school also may disclose education records without consent to officials of another school in which a student seeks or intends to enroll. Please see “Disclosures

Postsecondary Institutions May Make Without Consent” for more information about disclosures without prior written

consent.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Disclosure of Directory Information

The Family Educational Rights and Privacy Act (FERPA) of 1974, as amended, does permit the release of information designated as “directory information” to third parties outside of the College without consent of the students. **Carroll College designates the following categories of student information as public or directory information.** Such information may be disclosed by the institution at its discretion.

Student name, including previous names and current enrollment, dates of attendance, class standing, previous institutions attended, major fields of study, awards, honors, degree(s) and date(s) conferred, and full-time or part-time status, addresses, telephone number, date and place of birth and past and present participation in officially recognized sports and activities, including physical factors (height, weight of student-athletes), and photographs.

Currently enrolled students may choose to disclose all or no directory information. To withhold disclosure, written notification must be received in the Registrar’s Office no later than October 1 for the fall semester or March 1 for the spring semester . Directory information will then be withheld indefinitely until the Registrar’s Office receives a written revocation of the request for nondisclosure from the student.

Please consider very carefully the consequences of your decision to withhold directory information. This decision will impact our ability to include your name in public announcements about honors and/or accomplishments as a Carroll student. Should you decide to inform the Registrar’s Office not to release directory information, any further requests for information from non-institutional persons or organizations will be refused until you notify the College in writing.

The College will honor requests to withhold directory information but cannot assume responsibility to contact the student for subsequent permission to release. Regardless of the effect upon the student, the institution assumes no liability as a consequence of honoring instructions that directory information be withheld. **If the student does not return the Disclosure of Directory Information form to the Registrar’s Office by the specified date, the College will assume that permission has been granted to release all directory information.**

A complete copy of Carroll College’s FERPA policy is available in the current College Catalog at:

<https://www.carroll.edu/academics/academic-catalog>.

Please complete and sign the “FERPA Disclosure of Directory Information” form and return it to the Registrar’s Office by October 1 or March 1 of the current academic year. For more information, stop by the Registrar’s Office in O’Connell Hall or call us at (406) 447-5435.
