Instructions for Completing Financing Worksheet

- ¹ A \$100 orientation fee is charged to all new full-time students who enter Fall semester.
- ² Enter the estimated yearly total of all course fees. You can find a listing of course fees at www.carroll.edu/cost.
- ³ Enter the total amount of your financial aid award that you accepted for the 2024-25 academic year.
- ⁴ For those students awarded federal work-study: Carroll College does not give credit on the student billing statement for federal work-study because the amount must be earned through employment. Students will receive a monthly paycheck for the hours they worked. Earnings from work-study can be calculated into the Student/Family Contribution below.
- ⁵ All Federal Direct Stafford loans are subject to an approximately 1% fee. Please enter 1% of your total Stafford loan(s) amount in this line.
- ⁶ If you are a new student and have paid the \$200 advance deposit this is the amount that will be credited to your student account for your first semester.
- ⁷ Enter the total of all outside cash scholarships you will receive for the 2024-25 academic year that are not listed on your financial aid award.
- ⁸ Enter the total amount that will be paid on the student's account. This figure would be the total of the payment made at the beginning of each semester. Note: This is not a monthly payment.
- ⁹ Enter the total amount that will be paid during the academic year in the form of a monthly payment. For example: If there will be a \$200/month payment made to the college, enter \$2,400 for this line (\$200 X 12 months (One 6-month payment plan for each semester). Please be aware that there is a \$50 per semester setup fee for payment plans. Note: If all or a portion of earned work-study will be paid to the college, calculate and enter that amount here.
- ¹⁰ If you plan to borrow to cover book expenses, please enter up to \$800 in this space. Please remember that the Carroll College bookstore is a separate entity and payments must be made directly to the bookstore.
- ¹¹ If you are borrowing the Federal Direct Parent PLUS loan there is also an approximately 4% origination fee charged by the lender. Divide the "Total Requested Loan Amount (Before Origination Fees)" by .96 to get to requested loan amount.
